

Two-Door Refrigeration Unit with Floral Design

This is a two-door refrigerator. It features a digital display and a split design with the freezer compartment.

Product Overview

Aesthetic Professional Cooling

This premium two-door refrigeration unit combines practical commercial performance with a distinct aesthetic appeal, featuring an elegant floral design on its front panels. Engineered for versatility, the unit includes dedicated zones for both refrigerated and frozen goods to ensure optimal storage conditions. With an integrated digital display for precise control, it offers a sophisticated solution for businesses that prioritize both style and reliability in their cold storage infrastructure.
