

Two-Door Top-Freezer Refrigerator

This refrigerator features a two-door configuration with a top freezer and a bottom refrigerator section. It is designed with humidity control and 3D anti-bacteria technology to keep food fresh.

Product Overview

Professional Cooling Solutions

This two-door top-freezer refrigerator is engineered for advanced freshness preservation through specialized humidity control technology. It incorporates a comprehensive 361-degree anti-bacteria system to ensure food safety while maintaining high energy efficiency. Featuring a stylish mirror-finish tempered glass exterior, it combines modern aesthetics with robust performance for household environments.

Key Features

Core Technologies

- Humidity Control for prolonged freshness
- 361-degree Multi-stage Anti-bacteria system
- High-efficiency compressor and R600a refrigerant
- Ultra-thick insulation and double door gaskets
- Easy-clean tempered glass mirror finish
