

# Two-Door Top-Freezer Refrigerator

This two-door refrigerator features a top freezer compartment and a bottom refrigerator compartment. It is equipped with efficient cooling technology to maintain optimal temperature and humidity levels, keeping food fresh for longer.

## Product Overview

Integrated environmental temperature transmitter for automatic seasonal adjustment.

## Efficiency Meets Intelligent Design

This two-door top-freezer refrigerator combines sleek aesthetics with advanced energy-saving technology. Featuring a durable mirror-finish tempered glass panel and an intuitive automatic temperature compensation system, it is engineered for consistent performance across varying environmental conditions. The interior is illuminated by energy-efficient LED lighting, ensuring clear visibility while reducing heat buildup.

## Key Features

### Highlights

Energy Saving, Mirror Finish, LED Lighting, Automatic Temperature Compensation, Tempered Glass Panel

## Technical Specifications

### Performance Metrics

Metric	BCD-197CHG2A	BCD-207CHG2A
Net Volume (L)	197	207
Deep Freezing Volume (L)	68	68
Rated Input Power (W)	100	100
Energy Consumption (Kw.h/24h)	0.34	0.37
Star Rating	3	3

## Energy Efficiency

Conceptual diagram showcasing the cyclical energy transfer process.

### Efficiency Technologies

- High efficient compressor
- R600a refrigerant
- Optimized refrigeration system
- Double door gaskets
- Ultra-thick insulation
