

Two-Door Top-Freezer Refrigerator

This two-door refrigerator features a top freezer compartment and a bottom refrigerator section. It is designed for energy efficiency and durable performance.

Product Overview

Professional Top-Freezer Refrigerator

This two-door top-freezer refrigerator combines scientific lighting design with high-performance cooling technology for convenient and reliable use. Built with a high-durability door system tested for 100,000 cycles, the unit ensures long-lasting operation in demanding environments. Featuring advanced R600a eco-friendly refrigerants and high-efficiency insulation, this model prioritizes environmental protection while maintaining superior cooling speeds and low noise output.

Technical Specifications

|---------------------|-----------------------------------------------------------|
| Refrigerant | R600a |
| Door Endurance | 100000 cycles |
| Sustainability Tags | Eco-friendly, Greenhouse Effect Reduced, Energy Efficient |

Key Features

Performance Advantages

- High-performance reliable compressor
- Low noise operation
- Enhanced refrigerant flow speed
- Advanced foaming insulation
