

Two-Slice Stainless Steel Toaster with Browning Control

This two-slice toaster features a brushed stainless steel finish and black accents. It includes adjustable browning control with multiple settings, a high-lift lever, and a removable crumb tray.

Product Overview

Professional Two-Slice Stainless Steel Toaster

This durable two-slice toaster is engineered with a brushed stainless steel finish, providing a sophisticated aesthetic suitable for modern commercial or high-end residential kitchen environments. Featuring adjustable browning controls, it allows for precise customization to meet diverse user preferences. The thoughtful design includes practical utilities like a high-lift lever for small items and an easily accessible crumb tray for streamlined maintenance.
