

Two-Tone Electric Step-Through Scooter

This electric scooter features a two-tone color scheme and a step-through frame design. It is equipped with an electric motor, battery pack, front and rear suspension, and a rear storage box.

Product Overview

Eco-Friendly Urban Mobility

This two-tone electric step-through scooter is designed for comfortable and efficient urban commuting. Featuring a distinctive cream and purple color scheme, it combines aesthetic appeal with practical elements like a stepped seat and rear storage. Equipped with a reliable electric motor, pneumatic tires, and full suspension, this vehicle offers a smooth, eco-friendly transportation solution for modern professionals.
