

# Type 3/4 Disposable Coverall

This Type 3/4 disposable coverall is designed to protect against hazardous liquids and particles. It features a hood and elasticated cuffs and ankles for a secure fit and full body coverage.

## ADDITIONAL IMAGES

## Product Overview

### Professional Chemical Protective Coverall

This Type 3/4 disposable coverall is engineered to provide robust protection against hazardous liquids and airborne solid particulates. Constructed from a durable 82 g/m<sup>2</sup> polypropylene and polyethylene film blend, it features heat-taped seams and a secure design including elasticated cuffs, ankles, and hood. It is an essential safety solution for environments involving chemical handling, hazardous waste management, and industrial manufacturing.

## Technical Specifications

Material	100% polypropylene + polyethylene film
Fabric Weight	82 g/m <sup>2</sup>
Available Sizes	S, M, L, XL, XXL, XXXL
Color	Yellow

## Design Features

### Design Features

- One-piece design
- Attached hood
- Front zipper with adhesive double flap
- Neck flap
- Elasticated cuffs with finger loops
- Elasticated ankles and waist
- Heat taped seams
