Product Overview

Professional Ultrasonic Aromatherapy Solution

This premium ultrasonic aroma diffuser and humidifier is designed to enhance air quality and create a soothing atmosphere in professional environments. Combining a real bamboo base with a glass cover, it offers a sophisticated aesthetic while providing efficient diffusion for rooms up to 30 square meters. The device features advanced safety measures, including an automatic shut-off function when the water reservoir is empty, ensuring reliable and low-maintenance operation.

Technical Specifications

Power Requirements

24 V

Operating Voltage

12 W

Power Consumption

Performance Metrics

- Water Capacity: 120 ml
- Diffusion Duration: 6-8 hours
- Effective Room Coverage: 30 m²

Design and Materials

Physical Properties

Attribute	Value
Base Material	Real Bamboo
Cover Material	Glass
Dimensions	Ø12.7 x H21.2 cm

Features

Core Features

Ultrasonic Technology, 7-Color LED, Water Shortage Protection, Water-Soluble Oil Compatible, Auto Shut-off
