

Ultrasonic Cool Mist Humidifier

This ultrasonic humidifier increases air moisture levels for improved comfort. It features a digital display and multiple control buttons for adjusting settings.

Overview

Ultrasonic Cool Mist Humidifier

This ultrasonic cool mist humidifier is designed to efficiently increase air moisture levels for improved comfort in professional and residential settings. Featuring a 4L capacity and nanometer antibiosis technology, it ensures a healthy breathing environment, particularly in spaces with air conditioning or heating. With its super-quiet operation and automatic shut-off safety feature, it provides reliable, consistent performance for 8-12 hours of continuous use.

Performance & Technical

Power Consumption	38 W
Voltage Range	110V-220V 50Hz
Evaporation Rate	380 ML/H

Capacity & Runtime

Water Tank Capacity	4 L
Continuous Runtime	8-12 hours

Features

Key Features	Anion Device, Auto Shut-off, Adjustable Humidification, Nanometer Antibiosis, Super-quiet Operation
