

Ultrasonic Cool Mist Humidifier with 6L Capacity

This ultrasonic humidifier increases humidity by producing a cool mist. It features a transparent 6L water tank and adjustable mist output for maintaining comfortable humidity levels.

Product Overview

Ultrasonic Cool Mist Humidifier

This high-capacity ultrasonic cool mist humidifier is designed to efficiently increase humidity levels in indoor environments. With a generous 6-liter tank and adjustable mist volume, it provides long-lasting operation suitable for homes and offices. The built-in safety features ensure the unit powers down automatically when the water reservoir is empty.
