

Ultrasonic Humidifier and Aroma Diffuser 2-in-1

This 2-in-1 device functions as both an air humidifier and aroma diffuser. It increases air humidity and disperses essential oils for aromatherapy.

ADDITIONAL IMAGES

Product Overview

The sleek design fits seamlessly into modern home or office decors.

Dual-Function Ultrasonic Technology

The CF-2507L is a versatile 2-in-1 device that functions as both a high-efficiency air humidifier and an integrated aroma diffuser. It utilizes advanced ultrasonic technology to produce a fine mist that effectively combats dry air while allowing for the direct addition of essential oils. Designed for modern living and office spaces, it combines atmospheric lighting with practical climate control.

Key Features

1.2 L Water Capacity	360 ° Nozzle Rotation	7 LED Colors
--------------------------------	---------------------------------	------------------------

Design & Construction

The top-fill design allows for easy maintenance and direct essential oil addition.

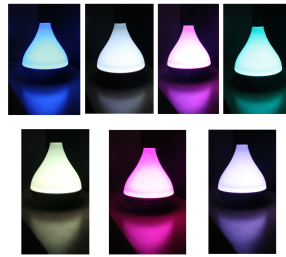

Premium wood grain finish combined with a translucent upper body.

Build Quality

- Semi-transparent water tank for easy level monitoring
- Wood grain finish accents
- BPA-free material construction
- Compact countertop-friendly footprint

Operation & Control

Integrated ambient lighting with seven selectable colors.

Mist Control

360-degree adjustable rotation nozzle for targeted humidification

Ambient Lighting

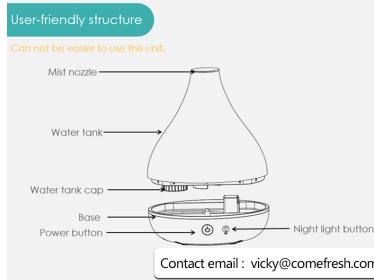

7-color night light with options for automatic circulation or fixed single-color mode

Safety & Efficiency

Safety Functions

Automatic Shut-off, Low Water Protection, Whisper-Quiet Operation, Energy Efficient

Technical Specifications

Simple, user-friendly structure featuring a 1.2L tank and intuitive controls.

Main Components

Component	Function
Mist Nozzle	Releases fine ultrasonic mist
Water Tank	1.2L capacity with visible water level
Control Interface	Dedicated Power and Night Light buttons
Base	Stable foundation with integrated electronics
