

Universal Remote Control for TV and Set-Top Box

This universal remote control is designed for use with both TV sets and set-top boxes. It has a large library of codes, making it compatible with most major TV brands.

Product Overview

Versatile Audio-Visual Control

This universal remote control is expertly designed to manage both television and set-top box functions from a single, intuitive device. Featuring a comprehensive layout, it includes dedicated controls for TV guides, interactive services, and standard media playback. The ergonomic design and clear labeling ensure a user-friendly experience for professional and home environments alike.
