

Urban Commuter Scooter

This gas scooter is designed for urban commuting and short-distance travel. It features a single-cylinder engine, automatic transmission, and a step-through frame.

Overview

Designed for Urban Mobility

The Urban Commuter Scooter is a practical and efficient solution for short-distance travel and city navigation. Featuring a user-friendly step-through frame and a reliable single-cylinder engine, it offers a smooth ride for daily commuting. Its classic design, accented with chrome details, combines style with essential urban functionality.
