

# Urban Electric Scooter with Step-Through Frame

This electric scooter is designed for urban commuting. It features a step-through frame, a single headlight, and a rear rack for carrying cargo.

## Overview

### Urban Mobility Solution

This urban electric scooter features a practical step-through frame design, making it an agile and accessible choice for city commuting. With a distinctive two-tone red and black aesthetic and silver accents, it balances style with utility. Equipped with a rear cargo rack and suspension system, it is engineered to handle the demands of daily urban travel efficiently.
