

URJ150 Vehicle Headlight Assembly

This high-performance headlight assembly is designed for 2010-2017 URJ150 vehicles. It features a quad-projector lens configuration, integrated LED daytime running lights, and durable construction for enhanced visibility and safety.

Product Overview

Upgrade Your Vehicle Lighting

This headlight assembly is designed to upgrade 2010-2017 URJ150 vehicles to the modern 2018-style aesthetic. Engineered using 1:1 mold technology from the original factory specifications, it ensures a seamless, direct-fit installation without requiring modifications to the vehicle. Built with high-quality raw materials, these headlights offer both superior durability and enhanced illumination for improved road visibility.
