

USB Flash Drive

This compact USB flash drive is designed for portable data storage and transfer. It features a rounded rectangular shape with a key loop, making it easy to attach to keychains or lanyards.

Product Overview

Compact Storage Solution

This USB flash drive offers a versatile and compact solution for portable data storage and transfer. Featuring a distinct two-tone design with professional green accents on a silver body, it combines functionality with a modern aesthetic. The integrated key loop allows for seamless attachment to keychains or lanyards, ensuring your data remains accessible wherever you go.

Design & Build

Two-tone design, Silver body, Green accents, Key loop attachment
