

USB LED Projection Night Light

This compact LED projection night light creates ambient lighting effects. It features an adjustable projection angle and focus and is USB powered for convenient use.

Product Overview

Versatile Ambient Lighting

This USB LED projection night light is designed to provide soft, atmospheric illumination suitable for bedrooms, nurseries, and relaxation spaces. It features a unique, adjustable design with a rotating projector head and bracket for precise light positioning. Powered via a standard USB connection, it offers both auxiliary lighting and customizable projection patterns to enhance any environment.
