

USB Powered Desktop Speakers

These compact speakers connect to a computer via USB for both power and audio. The desktop speakers provide clear and balanced stereo sound for an enhanced audio experience.

Overview

Compact Desktop Audio Solution

These USB-powered desktop speakers are designed to provide a space-saving and efficient audio upgrade for computer workstations. Featuring a sleek, vertical design, the system delivers clear stereo sound through 3-inch full-range drivers. With convenient USB power and a compact footprint, they are an ideal choice for professional or personal desktop setups requiring reliable audio performance.
