

USB Powered Portable Fan

This is a compact and portable electric fan with a durable metal frame and protective grill. It utilizes a multi-blade design for efficient airflow and a stable base for secure placement.

Product Overview

Compact Personal Cooling Solution

This USB-powered portable fan is designed for efficient personal cooling in office and home environments. Featuring an advanced micro copper core brushless motor, it delivers reliable performance with an ultra-quiet operation. The lightweight, adjustable design makes it a versatile accessory for laptop and PC users seeking comfort in all seasons.

Technical Specifications

Recommended Power Input

5 V

Voltage

1000 MA

Current

Motor Technology	Micro copper core brushless motor
Power Source	USB

Design & Build

Adjustable Features

- Upward pitch angle adjustment
- Downward pitch angle adjustment

Color Availability

Multi-color

Construction Materials	ABS, PP, Metal
