Product Overview

Professional Charging and Data Solution

This versatile USB data and charging cable is designed for high-performance connectivity in professional environments. Supporting up to 2.4A fast charging and efficient data transfer, it is built with durable materials including aluminum alloy and high-density nylon. Its multi-connector compatibility makes it an essential tool for charging and syncing various modern electronic devices.

Technical Specifications

Charging Capacity

2.4 A

Fast Charging Output

Available Lengths

- 0.5m
- 1m
- 2m

Supported Connectors

USB Type-A, USB Type-C, Micro-USB, Lightning

Materials and Construction

Construction Materials

Nylon, Aluminum Alloy, TPE, High Density Nylon

Shielding

Braid/Regular

Certification and Compliance

Global Certifications

ROHS • CE • FCC
