Overview

Compact Power Solution

This USB Type-C wall charger is a versatile and efficient power solution designed for modern electronic devices. Featuring Quick Charge 3.0 technology, it delivers up to 18W of power to ensure rapid charging for smartphones, tablets, and other compatible electronics. Its compact, portable design with a standard two-prong plug makes it an ideal choice for both everyday home use and travel.

Technical Specifications

Power Output

18 W

Max Power

Charging Protocol

QC 3.0

Output Configurations

Voltage	Current
5V	3A
9V	2A
12V	1.5A

Input Voltage Range

100-240V AC

Design & Compatibility

Port Type	USB Type-C
Plug Configuration	European Standard
Compatible Devices	Smartphones, Tablets, USB-C Electronics
