

UV Gel Nail Curing Lamp

This professional UV nail lamp is designed for curing gel nail polish. The device features a timer function with a 120-second preset and an always-on mode, selectable via a power switch.

Product Overview

Professional UV Curing Solution

This 36W professional UV curing lamp is designed for versatility, compatible with a wide range of materials including UV gel polishes, 3D prints, UV jewelry resin, and builder gels. Featuring a spacious design that accommodates a full hand or foot, it offers adjustable timer settings and a sliding tray for ease of use and maintenance. Built from durable, non-toxic engineering ABS plastic, it is an essential, high-performance tool for both professional salons and home enthusiasts.
