Product Overview

Professional Grade UV Sanitizing Solution

This high-efficiency UV sanitizing lamp is engineered to eliminate bacteria, viruses, and harmful microorganisms from indoor environments. Utilizing high-purity quartz tubes, it provides a powerful, chemical-free disinfection method suitable for homes and offices. Available in multiple power configurations, it effectively improves air quality and surface hygiene by neutralizing airborne pathogens and odors.

Technical Specifications

Wavelength Options

- 254nm (without Ozone)
- 185nm (with Ozone)

Rated Power Options

15W, 25W, 36W

Voltage Compatibility

110V, 220V

Material

4 tubes of High purity Quartz

Physical Dimensions

Dimensions by Power Rating

Power	Dimensions
15W	12 x 35.5cm
25W	12 x 38.5cm
36W	12 x 42.5cm

Features

Core Benefits

Disinfection • Smell Removal • Germicidal • Methanol Removal
