

Vacuum Cleaner Paper Bag with Cardboard Collar

This is a paper vacuum cleaner bag designed for efficient dust collection. It features a cardboard collar for secure attachment to the vacuum cleaner.

Product Overview

High-Efficiency Paper Filtration

These vacuum cleaner paper bags are engineered for optimal dust containment and airflow. Featuring a sturdy cardboard collar, they ensure a secure and airtight connection to the vacuum inlet. The high-quality paper construction provides effective filtration, making them an essential replacement part for maintaining home or office sanitation standards.

Technical Specifications

Material Composition	High-density filtration paper
Attachment System	Cardboard Collar
Key Features	Dust Retention, Secure Seal, Disposable
Design Compatibility	Standard circular inlet vacuum systems
