Overview

High-Efficiency Vegetation Management

This robust vegetation flail mower is engineered for demanding agricultural and land maintenance tasks. Featuring a powerful 13HP engine and a track-driven system, it offers exceptional stability and maneuverability across diverse terrains, from orchards to dense fields. With an adjustable cutting height and high-capacity mulching blades, it provides a versatile solution for efficient vegetation control and land clearing.

Performance Metrics

Work Efficiency

2500 m²/h

Area Coverage

Technical Specifications

Engine Power	13 HP
Displacement	389 CC
Transmission	3 Forward + 1 Reverse

Cutting Capabilities

Cutting Width	860 mm
Cutting Height Range	200 - 1500 mm
Blade Quantity	46

Features

Key Features	Track Drive System, Adjustable Height, Mulching Capability, Operator Presence Control
