

Versatile Angle Grinder for Material Grinding and Cutting

This angle grinder is a versatile power tool designed for grinding, cutting, and polishing various materials. It features a robust motor for efficient operation and a durable construction for long-lasting performance.

Overview

Professional Performance

This 230mm electric angle grinder is engineered for heavy-duty material grinding and cutting tasks. Featuring a powerful 2200W motor and a 6000r/min no-load speed, it delivers the consistent performance required for metalworking, construction, and maintenance projects. The tool is designed with user safety and ergonomic handling in mind, making it a reliable choice for professional environments.

Technical Specifications

Rated Power

2200 W

Power Output

No-load Speed	6000 r/min
Max Disc Diameter	230 mm
Spindle Thread	M14
Supported Voltages	110V, 220V-240V
Frequency	50/60HZ

Included Accessories

Included Items

- Side handle
- Disc guard
- Wrench
- Carbon brush
