

Versatile Angle Grinder for Material Processing

This angle grinder is a versatile tool for grinding, cutting, and polishing various materials. Its robust motor ensures efficient performance, while the ergonomic design provides comfortable handling.

Product Overview

Versatile Material Processing Grinder

This versatile angle grinder is engineered for efficient grinding, cutting, and polishing across a variety of materials. Featuring a robust motor and ergonomic design, it is built to provide consistent performance while minimizing user fatigue during extended operation. Its durable construction ensures reliability in demanding workshop and job site environments.

Technical Specifications

Compatible Wheel Diameters

- 115
- 125

Rated Input Power	1150 W
No-load Speed	11000 rpm

Electrical Requirements

Voltage / Frequency	230V / 50Hz
---------------------	-------------

Performance Metrics

Key Performance Indicators

1150 W Power Output	11000 rpm Speed
