

Vertical Air Compressor with 50L Tank

This vertical air compressor is designed for industrial applications. It features a robust motor and a large capacity tank for extended operation.

Overview

Industrial Vertical Air Compressor

This vertical air compressor is engineered for high-performance industrial tasks where floor space is at a premium. Featuring a 190-liter capacity tank and a powerful 3 HP motor, it provides consistent air pressure for various pneumatic applications. Its robust design and high displacement rate ensure efficiency and reliability in busy workshop and garage environments.

Technical Specifications

Full Specifications Table

Parameter	Value
Model	V-0.25/8
Product Code	SG2065-50G
Horsepower	3 HP
Cylinder Specs	165x2mm
Rated Speed	1080 r/min
Displacement (CFM)	8.8 CFM
Discharge Pressure	115 Psi
Noise Level	91 dB(A)
Net Weight	111 kg
Dimensions (LxWxH)	74 x 61 x 149 cm
