

Vertical Wood Plank Flooring with Matte Finish

This wood flooring features a natural wood grain pattern with a matte coating. The planks are arranged in a vertical orientation for an appealing aesthetic.

Product Overview

Premium Vertical Wood Plank Flooring

This vertical wood plank flooring offers a sophisticated aesthetic suitable for high-traffic commercial and retail environments. Featuring a natural wood grain pattern and a durable matte finish, it effectively minimizes glare while maintaining a clean, professional appearance. Its vertical orientation design creates a distinct visual appeal, making it an ideal choice for modern interior spaces that require both durability and style.
