

Vintage CRT Television with Integrated Speakers

This vintage CRT television features a red and black design. It includes integrated speakers on either side of the screen and a control panel at the bottom.

Overview

Vintage Aesthetic, Modern Clarity

This vintage-inspired CRT television combines nostalgic design elements with high-definition capabilities. Featuring a distinctive red and black chassis with integrated speakers, it serves as both a functional display and a striking design piece. The unit is equipped with a stable base and a dedicated control panel for intuitive operation.
