

Vintage Style Bicycle Pedal with Rubber Blocks

This vintage-style bicycle pedal features a durable metal frame with textured rubber blocks for enhanced grip and comfort. It includes a standard threaded spindle for easy installation on most bicycles and complements the look of vintage and retro-style bikes.

Product Overview

Classic Design Meets Modern Reliability

This vintage-style bicycle pedal combines a durable metal frame with textured rubber blocks, offering both aesthetic appeal and practical performance. Designed for classic and retro-style bicycles, it provides a secure, comfortable platform for riders. The inclusion of a standard threaded spindle ensures compatibility and straightforward installation across a wide range of bicycle models.
