

Walking Tractor 11.03kW

This walking tractor is a versatile agricultural machine designed for various farming tasks. Its compact size and maneuverability make it suitable for small to medium-sized farms.

Product Overview

Versatile Walking Tractor

The 11.03kW Walking Tractor is a robust and highly maneuverable agricultural machine engineered for medium-duty field operations. Designed to excel in tilling, plowing, and harrowing, this tractor offers high adaptability through its adjustable wheelbase and multi-speed transmission. Its compact footprint ensures reliable performance in diverse farming environments, providing an efficient solution for enhanced field productivity.
