Product Overview

Versatile All-Purpose Tractor

The SH201 series walking tractor is a robust, all-purpose machine engineered for efficiency in plain, mountainous, and hilly regions. It supports a wide array of agricultural operations including plowing, rotary tillage, harrowing, and harvesting. With its compact design and powerful diesel engine, it provides a reliable and cost-effective solution for small to medium-sized farms requiring high maneuverability.

Operational Capabilities

Supported Operations

- Ploughing
- Rotary tillage
- Harrowing
- Planting
- Harvesting
- Water pumping
- Transportation
- Pesticide spraying

Terrain Compatibility

Plain • Mountainous • Hilly • Water Fields • Dry Fields
