

Wall Mount Garden Hose Holder

This wall-mounted hose holder provides a simple way to store a garden hose. It features a sturdy frame to support the weight of a standard garden hose and prevent kinks.

Overview

Professional Hose Management Solution

This wall-mounted hose holder offers a clean and efficient way to store garden hoses, keeping outdoor areas organized and hazard-free. Its robust design prevents kinks and tangles while ensuring the hose remains easily accessible for daily use. Featuring a weather-resistant powder coat finish, this hanger is built to withstand environmental exposure in both residential and commercial settings.
