

Wall Mountable Outdoor Floodlight

This high-intensity floodlight is designed for outdoor wall mounting. It provides security and enhances visibility in outdoor areas with its durable housing and circular mounting base.

Product Overview

High-Intensity Outdoor Illumination

This wall-mountable outdoor floodlight is engineered for durability and high-performance visibility in demanding environments. Its robust housing ensures reliable operation, making it an ideal solution for perimeter security, industrial yard lighting, or general area illumination. Designed for easy installation, this fixture provides consistent, powerful light output to enhance safety and visibility around your facility.

Technical Specifications

Mounting Style	Wall Mountable
Design Highlights	High-Intensity, Durable Housing, Circular Mounting Base

Application

Primary Applications

- Outdoor Area Illumination
- Security Lighting
- Visibility Enhancement
