

Wall-Mounted Bathroom Thermo Ventilator

This is a wall-mounted thermo ventilator designed for bathrooms. The unit features a front grille for air intake and a lower section with a drawer-like component.

Product Overview

Advanced Bathroom Climate Control

This wall-mounted thermo ventilator is a comprehensive solution for modern bathroom climate management. It combines heating, ventilation, air purification via ionizer, and clothes drying capabilities into one compact unit. Designed for versatility, it features auto-swing louvers and a 2.4G wireless remote control for convenient operation.

Key Features

Functional Capabilities

Heating, Ventilation, Deodorizing, Ionizer, Clothes Drying, Timer, Auto-swing

Technical Specifications

Electrical Requirements

220 V

Voltage

50 Hz

Frequency

2450 W

Max Power Input

Unit Dimensions

- Width: 400mm
- Depth: 223mm
- Height: 300mm
- Vent Diameter: 98mm (4 inches)

Weight

6 KG

Net Weight

7 KG

Gross Weight

Performance Data
