

Wall-Mounted Industrial Fan

This industrial-grade fan is designed for wall mounting. It features adjustable tilt and oscillation for customized air circulation.

Product Overview

Industrial-Grade Air Circulation

This wall-mounted industrial fan is engineered for high-performance air circulation in demanding environments such as workshops and garages. Featuring a robust metal construction, the unit includes a durable cage and blades designed for reliability and long-term use. It offers flexible operation with adjustable tilt and oscillation settings, allowing users to customize airflow to suit specific space requirements.

Physical Attributes

Mounting Style	Wall-Mounted
Construction Materials	Heavy-duty Metal, Durable Cage, Metal Blades

Performance Features

Operational Features

- Adjustable Tilt
- Oscillation Function
- High-Velocity Airflow

Recommended Applications

Workshops • Garages • Large Spaces
