

Wall-Mounted Kitchen Range Hood with Metallic Filter

This wall-mounted kitchen range hood is designed for residential kitchens. It features a stainless steel build, a metallic filter, and a digital display for removing smoke and odors.

Product Overview

High-Efficiency Ventilation

This wall-mounted kitchen range hood is engineered to effectively remove smoke, grease, and cooking odors from your kitchen environment. Featuring a durable stainless steel construction and a sleek black control panel, it combines aesthetic appeal with functional performance. The unit includes a specialized metallic filter system designed to trap grease, ensuring cleaner air and easier maintenance.
