

Wall-Mounted PTC Space Heater with Remote Control

This wall-mounted PTC heater provides efficient supplemental heating for homes or offices. It features a digital display for temperature control and includes a remote control.

Product Overview

Efficient Wall-Mounted Heating

This wall-mounted PTC space heater provides a versatile and space-saving solution for supplemental heating in residential or commercial environments. Designed for convenience, it features remote-controlled operation and an integrated timer for up to 7.5 hours of automated comfort. The unit ensures wide-angle heat distribution through an automated louver system, maintaining safety with built-in overheat protection.
