

# Wall Mounted Split Air Conditioner

This air conditioner provides high efficiency and energy saving operation. Its design ensures super quiet performance.

## Product Overview

### Professional Climate Control

This wall-mounted split air conditioner offers a reliable solution for residential and commercial environments. It features a quiet operation design, an integrated LED display, and user-friendly maintenance with a removable and washable panel and filter. The system supports 24-hour scheduling and flexible airflow management through vertical auto-swing and horizontal manual louvers.

## Performance Metrics

### Cooling Capacity

**9000 Btu/h**

Model 09H Cooling

**12000 Btu/h**

Model 12H Cooling

## Key Features

### Integrated Functionalities

Quiet Design, 24-Hour Timer, LED Display, Washable Filter, Vertical Auto Swing

## Technical Specifications

### Model Comparison

Specification	CS-09H/C3	CS-12H/C3
Heating Capacity (Btu/h)	9400	13200
Cooling Power Input (W)	725	1020
Indoor Airflow (m <sup>3</sup> /h)	500	640
Indoor Noise (dB(A))	38	42

### Power Requirements

- Phase: 1
- Voltage: 220V
- Frequency: 50Hz
