

Wall Mounted Split Air Conditioner with Vector Control

This wall mounted split air conditioner provides efficient cooling and heating. It features a super quiet design and vector control chip for optimal performance and energy savings.

Overview

High-Efficiency Climate Control

This wall-mounted split air conditioner utilizes advanced vector control technology to deliver high-efficiency cooling and heating performance. Designed with a focus on energy savings and ultra-quiet operation, this unit is ideal for both residential and professional environments. It provides reliable temperature regulation while maintaining a modern, unobtrusive aesthetic.

Technical Specifications

Model Specifications

Model	Refrigerant	Power Input (W)
CS-18/B	R22	1855
CS-18H/B	R22	1900
CS-18HA/B	R410a	1900
C3S-18/B	R22	2030

Power Supply | 1 Phase, 220V, 50/60Hz

Compatible Refrigerants | R22, R410a

Key Features

Highlights

- Advanced vector control chip
- High energy efficiency rating
- Super quiet operation design
- Adjustable cooling and heating modes
