

Wall-Mounted Ventilation Fan

This wall-mounted exhaust fan is designed for ventilating indoor spaces. It features a circular white plastic frame and a five-blade propeller designed to expel air from a room.

Product Overview

Efficient Air Circulation

This wall-mounted exhaust fan is engineered to provide reliable ventilation for indoor environments. Featuring a compact design with a five-blade propeller, it effectively removes moisture, odors, and stagnant air. It is an ideal solution for maintaining air quality in residential or light commercial spaces such as bathrooms and kitchens.

Technical Details

Design Type	Wall-Mounted
