

# Wall Tap with Dual USB Charging Ports

This wall tap features two standard electrical outlets and two USB 2.4A charging ports for device power and charging. It has a 1000J surge protection rating with an indicator light.

## ADDITIONAL IMAGES

## Product Overview

### Compact Power and Charging Solution

This wall tap efficiently expands a single wall outlet into two standard AC outlets and two high-speed USB charging ports. Designed for versatility and safety, it provides 2.4A of charging power, making it an ideal companion for smartphones and tablets. With integrated surge protection and a compact design, it is a reliable choice for both home and travel environments.
