

Warm Mist Humidifier with Timer

This humidifier uses a heating element to warm water, releasing it as a fine mist. It features an 8-hour timer and adjustable humidity settings.

Product Overview

Comfortable Humidity Control

This warm mist humidifier is designed to create a healthier indoor environment by adding consistent moisture to your air. It features adjustable humidity settings, quiet operation, and an automatic shut-off safety function. Ideal for residential or office use, the unit includes a transparent tank for easy monitoring and a built-in filtration system for cleaner mist.
