

Washable Electric Shaver for Men

This electric shaver is designed for men's grooming. It is washable for easy cleaning and maintenance.

Product Overview

Professional Grooming Performance

This washable electric shaver offers a versatile grooming solution for men, engineered for both wet and dry use. Featuring a high-capacity lithium battery and a rapid charging system, it ensures consistent performance for daily routines. The ergonomic design includes a pop-up trimmer for precision detailing, making it a reliable tool for maintaining sideburns and mustaches.
