

Washable Sanding Sponge

Sanding sponge designed for use on metal, plastic, and wood. This washable grit sponge is ideal for both dry and wet sanding applications.

Product Overview

Versatile Sanding Solution

This washable sanding sponge is engineered for professional surface preparation on metal, plastic, and wood. Designed for maximum versatility, it supports both wet and dry sanding applications to ensure a smooth finish. The four-side sanding capability allows for consistent material removal, while durable construction ensures long-lasting performance for various workshop tasks.
