

Water Filter Pitcher with Flip-Top Lid

This water filter pitcher features a clear plastic outer container and a white plastic inner filter. The pitcher includes a handle and a flip-top lid for convenient filling.

Product Overview

Clean Water, Simplified

This water filter pitcher is designed for efficient, daily use in home or office environments. Featuring a clear plastic outer container and a durable white inner filter component, it ensures consistent water quality with every pour. The convenient flip-top lid allows for easy refilling without removing the entire cover, while the ergonomic handle ensures comfortable handling.
