Product Overview

Smart Leak Detection System

The Water Leak Detector provides an essential safeguard for areas prone to water accumulation such as dishwashers, washing machines, and hot water tanks. Featuring a simple installation process with double-sided tape, it alerts users immediately when moisture reaches its contacts. This robust device helps prevent costly water damage in both residential and light commercial environments.

Technical Specifications

Power Source	3 x AAA batteries
Alarm Volume	95 dB
Average Battery Life	Up to one year

Installation Requirements

Cleaning Instruction

- 50% Isopropyl alcohol
- 50% water

Mounting Surfaces

Flat surface, Smooth surface, Nonporous surface

Key Features

Benefits

Water Damage Prevention • Audible Alert • Wire-Free • Easy Installation
