

Waterless Far Infrared Foot Spa

This waterless foot spa uses far infrared therapy to stimulate blood circulation. It features a foldable stand, a main switch, and storage for the power cord.

Product Overview

Innovative Waterless Therapy

Experience the benefits of far infrared technology in a convenient, waterless foot spa. This device utilizes invisible energy waves to help elevate the immune system and promote healthy blood circulation. Designed for comfort and ease of use, it allows you to enjoy a soothing sauna-like experience to keep fit and relax without the mess of water.
