

Waterproof Electrical Junction Box - Wall Mounting, Plastic Enclosure

This electrical enclosure is designed for wall mounting applications. Constructed from durable plastic, this junction box provides protection for electrical components and wiring.

Product Overview

High-Strength Waterproof Enclosure

This durable junction box is engineered for reliable protection of electrical wiring and components in both indoor and outdoor environments. Constructed from high-strength ABS plastic, it features a robust, waterproof design that safeguards against moisture and dust ingress. The enclosure is specifically designed for wall-mounting applications, making it an ideal solution for electrical power transmission and distribution systems.

Physical Specifications

Material	ABS Plastic
Dimensions	120 x 80 x 50 mm
Mounting Type	Wall Mount

Technical Standards

IP Rating
IP66 • IP56 • IP44

Features

Key Features

- High-strength ABS construction
- Waterproof and dustproof design
- Includes cable sleeves
- Press-fit cover mechanism
